

# Rules of Global Portfolio Challenge

1. At the beginning of the investment competition, each group has a fund of US\$100,000 for investment.
2. At the beginning of the investment competition, the price of each fund will start at 1 yuan.
3. The fund investment competition will be held in 6 months.
4. Each group must select a member who is responsible for collecting investment influencing factors and submitting relevant forms.
5. The time for each group to discuss and submit the form is 10 minutes;
6. Each group of mentors assists and analyzes the factors affecting the investment environment, but cannot make any investment decisions for the group.
7. The price of the fund is mainly affected by 10 investment influencing factors and comprehensive factors. The relevant impact is only applicable to the situation of the current month and does not constitute a continuous impact on the next month.
8. At the start of the competition, each team needs to allocate and invest its own existing funds. If you abandon the investment option for the first time, delay the submission of the form, or make a mistake in the form data, all funds will be automatically invested in the USD currency fund (the first month of the start of the competition).
9. In the subsequent competitions, each group must submit the monthly fund change form on time. If the form is submitted late or the group with incorrect data in the form will be invalidated, the funds of the current month will be allocated according to the ratio of the previous month. (No objections are allowed).
10. It is not possible to submit more than one fund change form in the same month. If there is more than one fund change form for a group, the change of the current month will be cancelled and the allocation arrangement will be based on the ratio of the previous month (no objection allowed).
11. Once the fund change form is submitted, it cannot be retrieved or any changes made at that time.
12. The account balance of each group is announced every 1 month. It is recommended that each group calculate the monthly account balance by themselves.
13. The units purchased and converted by each fund cannot be calculated less than 10% or more than 50%, and must be an integer. If you fill in the wrong fund change form, the change of the current month will be cancelled and the change will follow the previous month. The proportion of the allocation arrangements (no objections should be made).
14. For the result of the competition, the winner will be the winner with the highest account balance on the day of settlement.
15. In case of any disputes, the results announced by the conference shall prevail.
